Cremation Alternatives

Many options are available to consider with cremation and the staff at Harris Funeral Home would be pleased to talk with you about your preferences. Over two-thirds of the families we serve opt for cremation. Sometimes a traditional funeral takes place prior to cremation. Other times, a memorial service is arranged; this is generally accepted to mean that the body will not be present for a service.

When planning a memorial service family may choose to have a cremation urn present for visitation and services. As with traditional services, photos and flowers, music and ritual, may help to bring meaning and comfort. Our bright, homelike setting provides an ideal environment for family and friends to gather in remembrance.

We also offer Immediate Cremation services. Our fees are very competitive and as always, our staff are compassionate and will be attentive to your wishes.

Disbursements

Disbursements are items arranged for and possibly paid for on your behalf by us. You are expected to pay for these items at the time the contract is entered into. The following are some items that are often identified as disbursements. H.S.T. applies to almost all disbursements.

Coroner’s fee – this is a fee charged by the coroner for issuing a certificate that allows cremation to take place. The fee is set by the Chief Coroner for Ontario.

Catering – cost of food supplied by caterer for reception. Selection of caterer at discretion of family. We would be pleased to recommend caterers.

Clergy honorarium – this is an amount paid to the clergy for their services. In some cases the amount is set by the clergy, in others it is an amount to be determined by you.

Newspaper or radio notices – these are charges for death notices placed in newspapers or radio or other media outlets. We are pleased to assist you with composing a notice and will look after submission to media outlets.

Municipal death registration fee – this is a fee charged by the local municipality to register the death. The fee is set by the municipality and may vary.

Payment

Unless otherwise specified, payment is due within 30 days of signing the contract. Payment may be made by cash, cheque, bank draft or e-transfer. Payment plans are also available to meet most budgets. Financing charges apply to payment plans. Beyond the allotted time, interest will be charged at a rate of 2% per month which is equivalent to 26.82% per annum compounded.

If you are prepaying for services or supplies, pre-authorized chequing is also available.

Financing

Our payment plans give you the option of making payments over time. We offer a competitive financing program, administration fees and interest rates.

Funding

We offer a trust funding option when prepaying services or supplies. When prepaying, you pay for the services and supplies today and the money will be used to pay for the services and supplies when they are delivered at the time of death.

Trust: You may pay the money directly to us and we will place it in trust, where it will accrue interest until the contract is fulfilled (when the services and supplies are delivered) or the contract is cancelled.
Since 1962, families have placed their trust in us, the Harris family and staff, confident that:
